**AVAILABILITY FOR PROJECT NO. 93206 – LIMONITE GAP CLOSURE**  
**DRAFT MITIGATED NEGATIVE DECLARATION**

**NOTICE IS HEREBY GIVEN** that the City of Eastvale City Council will hold a public hearing on **Wednesday, June 24, 2020**, at 6:30 p.m. at the Eastvale City Hall Council Chambers located at 12363 Limonite Ave., Suite 900, Eastvale, CA 91752, to consider the adoption of a Mitigated Negative Declaration (IS/MND) for the Limonite Gap Closure Capital Improvement Project (Project). The project includes the construction of a four-lane roadway along the Limonite corridor, multi-use trails/bike lanes along the north and south side of the proposed road improvements, vehicular bridge and pedestrian structures crossing the Cucamonga Creek Channel, and a multi-lane roundabout.

A DRAFT MITIGATED NEGATIVE DECLARATION (IS/MND) for the proposed project, as described above, has been completed and is now available for public review. The IS/MND evaluates potentially significant adverse environmental impacts that could be associated with the Project and identifies project components, scope and mitigation measures, that would avoid, reduce, or eliminate significant impacts. The IS/MND does not set forth policy for the City of Eastvale about the proposed Project's desirability. Rather, it is an information document to be used by decision-makers, public agencies, and the public, in accordance with the California Environmental Quality Act (CEQA).

The IS/MND and its technical appendices may be reviewed online at:

<https://www.eastvaleca.gov/government/community-development/planning>

Please note that the public comment period for the IS/MND is May 25, 2020 to June 24, 2020. All comments must be submitted or emailed to the City at the address indicated below and must be received no later than 5:00 pm on June 24, 2020.
