

Please plan to attend:

EMS System Evaluation Study

Stakeholder Meeting

The Riverside County EMS Agency invites you to join us at one of the stakeholder meetings listed below to learn about and provide input regarding the County's EMS system. This study will provide the EMS Agency with recommendations for improving the EMS system including the County's master ambulance service agreement.

A key component to this study is obtaining input from the EMS system stakeholders. These include representatives from: cities, ambulance providers, tribes, hospitals, education and training programs and institutions, skilled nursing facilities, law enforcement, mental health, emergency medical care committee members, firefighters, paramedics, emergency medical technicians, dispatchers, special districts, etc.

The County hired The Abaris Group, an EMS consulting firm, to assist them with the study. All the meetings will cover the same material, thus stakeholders are encouraged to attend the one that best meets their needs.

Tuesday, February 26th

10:30 – 12:30PM

Riverside

Riverside Community Hospital
Auditorium
4445 Magnolia Avenue

Tuesday, February 26th
