

2024 Holiday Construction Moratorium

To support Eastvale businesses and enhance the travelling experience during the peak winter holiday season, the City of Eastvale is implementing a Holiday Construction Moratorium in the Arterial and Collector streets. This moratorium will take effect during the week of Thanksgiving and continue until the first business day of the new year.

During this period, construction activities that require traffic lane or sidewalk closures will be temporarily prohibited in Major Arterial Areas and Collector Streets. Please refer to the following map. However, please note that ongoing construction projects will continue as planned to ensure their completion as soon as possible, minimizing overall disruption.

Additionally, there may be restrictions in adjacent areas if construction could impede public mobility to and from the designated moratorium zones.

We understand that emergencies can arise, and the City will grant exemptions for construction that addresses urgent issues posing immediate threats to property, safety, or personal injury. If you have any questions or need to discuss an exemption, please feel free to reach out to the City of Eastvale's Engineering team. We appreciate your cooperation in making this holiday season enjoyable for everyone!
