Motion carried 4-0-1 with DeGrandpre, Welch, Link, and Rush voting aye and Mayor Bootsma absent.

9. CITY MANAGER'S REPORT:

City Manager Jacobs noted that she would be in Las Vegas at the ICSC conference from May 18-21, 2014.

City Manager Jacobs noted concern about several Military Banners being damaged or going missing due to recent high winds in Eastvale. She suggested putting the program on hold until a better way to honor military veterans could be found.

There was discussion about how other nearby cities maintain their banners during the high winds and the cost of new flexible hardware assembly for the banners.

It was decided that staff would conduct more research in an effort to keep the Military Banner Program active and discuss alternatives and options at the next City Council meeting.

The order of the agenda was changed and Item 11 was addressed at this time.

11. COUNCIL COMMUNICATIONS:

Council Member DeGrandpre noted that a focus group made up primarily of Eastvale residents was held regarding the Ontario Model Colony and what they would like to see built. He cautioned that the City Council and Planning Commission should be careful and hold on to restaurant pads to provide residents. If restaurant pads are given away, other cities will build restaurants and we will miss out.

Council Member Welch noted his appreciation for the efforts of staff, the school district, and schools on the Walking to School program, and reiterated his openness to assist in any way he could.

Council Member Link noted that Mayor Bootsma was feeling better and becoming more mobile after his recent surgery.

At this time Council returned to address Item 10.

10. STUDENT LIAISON UPDATE:

Student Liaison Julia Vasquez provided an update on some of the schools. Eastvale Elementary School placed 3rd in a District-wide track meet. River Heights and Augustine Ramirez Middle Schools both have high rates of 8th grade students with a 3.5+ GPA. Roosevelt High School has a 96.6% graduation rate, 2nd highest in Riverside County, and an 819 API score.

12. CLOSED SESSION:

There were no Closed Session Items.

13. ADJOURNMENT:

There being no further business, the meeting was adjourned at 6:59 p.m.

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: CAROL JACOBS, CITY MANAGER

SUBJECT: BUDGET AMENDMENT – FIRE STATION #2

RECOMMENDATION: APPROVE BUDGET AMENDMENT FOR LAND ACQUISITION FOR FIRE STATION #2

BACKGROUND:

In conjunction with the adoption of the FY 2013-2014 Eastvale Budget, the City Council authorized the purchase of property located in the Chandler area of the city for the development of a future fire station for the City of Eastvale. The amount approved for the purchase of land in the budget was \$570,000.

DISCUSSION:

With the approval of the FY2013-2014 budget, the City Council authorized \$570,000 for the purchase of land for the City of Eastvale's second fire station. The budgeted amount included an amount for the purchase of the land only and did not include additional costs such as real estate services provided by the Riverside County EDA, geotechnical studies, or miscellaneous escrow costs. These additional costs total approximately \$34,732 and are as follows:

- 1) Riverside County EDA Facilities Management was involved in the site selection process to ensure a suitable site for the future station. County staff costs resulting from EDA's involvement were \$2,831.
- 2) As part of the City's due diligence process, the City ordered a two phase environmental report to be sure that soil at the future station site was free from contamination. These services were provided by EEI Geotechnical services in the amount of \$25,650.
- 3) Escrow fees over and above what was originally anticipated were incurred at closing in the amount of \$751.

- 4) In order to assist in securing the new property, it has been determined that fencing should be installed around the perimeter of the property. The city received a proposal from Valley Cities/Gonzales Fence, Inc. to install a 6 foot high chain link fence. The cost for the fence installation is \$5,500.

FISCAL IMPACT:

The cost breakdown for the additional expenses are as follows:

Real Estate Services (Riverside County EDA)	\$ 2,831
Geotech Services (EEI Geotechnical Services)	\$ 25,650
Additional Escrow Fees (Fidelity National Title)	\$ 751
Fence Installation (Valley Cities)	<u>\$ 5,500</u>
Total Budget Amendment	<u>\$ 34,732</u>

Funding is available from the Fire Fund fund balance.

**SUBJECT: LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT
NO. 89-1 CONSOLIDATED**

RECOMMENDATION: ADOPT THE FOLLOWING RESOLUTIONS

- 1. RESOLUTION NO. 14-21, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, APPROVING THE ANNUAL REPORT FOR LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 89-1 CONSOLIDATED FOR FISCAL YEAR 2014/15, AND**
 - 2. RESOLUTION NO. 14-22, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR THE LANDSCAPE AND LIGHTING MAINTENANCE DISTRICT NO. 89-1 CONSOLIDATED FOR THE FISCAL YEAR 2014/15**
-

BACKGROUND:

Landscaping and Lighting Maintenance District No. 89-1 Consolidated (the "District") is a special financing district established to fund specific maintenance activities. Properties within the District receive special benefit from the maintenance activities and are assessed annually to fund those maintenance activities. The annual budget and assessment calculation are prepared and presented in the form of an annual engineer's report. These resolutions approve the annual engineer's report, declare the City's intention to levy and collect assessments and set the time and place of a Public Hearing. The next step in the process is to hold a Public Hearing on June 11th and order the levy and collection of assessments. The assessments are submitted to the County Auditor for collection. An agreement is required by the County prior to that data submittal.

DISCUSSION:

The District funds annual maintenance activity at various sites including maintenance, servicing and operation of traffic signals, streetlights, maintenance and servicing of catch basin filtration system improvements. The District contains 11 zones of benefit.

FISCAL IMPACT:

Costs associated with the preparation of the annual engineer's report and the annual levy and collection of assessments is charged to the District. Failure to approve the accompanying resolutions and agreement would result in an inability to collect the annual assessments which total approximately \$220,000.

The Council hereby declares its intention to levy and collect assessments within the District to pay the costs of the maintenance and servicing of the improvements for the fiscal year commencing July 1, 2014 and ending June 30, 2015. The Council finds that the public's best interest requires such action.

IMPROVEMENTS

3. The improvements that are being maintained are various streetlights, traffic signals, fossil filters and associated appurtenant facilities. Operating, maintaining and servicing include, but are not limited to, personnel, materials, electrical energy and water. Services provided include all necessary service, operations, administration and maintenance required to keep the improvements in a satisfactory condition. There are no substantial changes proposed to be made to existing improvements.

ASSESSMENT DISTRICT NAME AND LOCATION

4. Landscape and Lighting Maintenance District No. 89-1 Consolidated has eleven zones located in the City of Eastvale. For detailed information regarding the location of each zone, please refer to the Annual Report on file with the City Clerk.

ANNUAL REPORT

5. Reference is made to the Annual Report prepared by NBS, on file with the City Clerk, for a full and detailed description of the improvements, the Assessment District Diagrams, and the proposed assessments upon assessable lots and parcels of land in the District.

NOTICE OF PUBLIC HEARING

6. The Council hereby declares its intention to conduct a Public Hearing concerning the levy of assessments in accordance with Section 22629 of the Act. All objections to the assessment, if any, will be considered by the Council. The Public Hearing will be held on June 11, 2014 at 6:30 pm or as soon thereafter as is feasible in the Council Chambers located at Rosa Parks Elementary, 13830 Whispering Hills Drive, Eastvale, CA 92880. The Council further orders the Clerk to publish notice of this resolution in accordance with Section 22626 of the Act.

INCREASE OF ASSESSMENT

7. The maximum assessment is not proposed to increase from the previous year above that amount previously approved by the property owners.

PASSED, APPROVED, AND ADOPTED this 28th day of May 2014.

ASSESSMENT SUMMARY

On March 12, 2014, the City Council of the City of Eastvale (the "City"), under the Landscape and Lighting Act of 1972 (the "1972 Act") adopted its Resolution No. 14-13, a Resolution Initiating Proceedings for the Annual Levy and Collection of Assessments and Ordering the Preparation of an Annual Report for Landscaping and Lighting Maintenance District No. 89-1 Consolidated (the "District") for Fiscal Year 2014/15.

The Resolution Initiating Proceedings directed NBS to prepare and file an Annual Report for Fiscal Year 2014/15 pursuant to the requirements of the 1972 Act. The Annual Report presents the plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations and servicing of the improvements for the District for the referenced fiscal year, a diagram for the District, showing the area and properties proposed to be assessed, and an assessment of the estimated costs of the maintenance, operations and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels in the District in proportion to the special benefit received.

The following assessment is proposed to be authorized in order to pay the estimated costs of administration, maintenance, operation and servicing of the improvements to be paid by the assessable real property in the District in proportion to the special benefit received. The following table summarizes the proposed assessment for each Zone within the District.

INTRODUCTION

Reason for Assessment

Approval of the assessment covered by this Annual Report will generate the revenue necessary to provide for the maintenance and servicing of the improvements described in this Annual Report.

Maintenance may include but is not limited to, all of the following: the repair, removal or replacement of all or any part of any improvement; providing for the life, growth, health and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing or treating for disease or injury; the removal of trimming, rubbish, debris and other solid waste; the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of: electric current or energy, gas or other illuminating agent for any lighting facilities or for the lighting or operation of any other improvements; water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Incidental expenses includes all of the following: the costs of preparation of the report, including plans, specifications, estimates, diagram and assessment; the costs of printing, advertising and the giving of published, posted and mailed notices; compensation payable to the County for collection of assessments; compensation of any engineer or attorney employed to render services in proceedings pursuant to the 1972 Act; any other expenses incidental to the maintenance and servicing of the improvements; costs associated with any proceedings held for the approval of a new or increased assessment. Incidental expenses also includes costs related to project management as well as costs of the City related to the administration of the District including legal fees, accounting, finance and insurance costs.

Process for Annual Assessment

The City cannot levy and collect annual assessments in the District without complying with the procedures specified in the 1972 Act. On an annual basis, a Report must be prepared which contains plans and specifications for the improvements, an estimate of the costs of maintenance and servicing the improvements, a diagram for the assessment district, the proposed assessments upon assessable lots and parcels of land within the district, and an assessment of the estimated costs of improvements.

The City Council must also adopt a resolution of intention which:

- Declares the intention of the City Council to levy and collect assessments within the assessment district for the fiscal year stated therein.
- Generally describes the existing and proposed improvements and any substantial changes proposed to be made in existing improvements.
- Refers to the assessment district by its distinctive designation and indicate the general location of the district.
- Refers to the Annual Report, on file with the clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the district.
- Gives notice of the time and place for public hearing by the City Council on the levy of the proposed assessment.
- States whether the assessment is proposed to increase from the previous year.

Same or Lesser Assessment

If the assessments are to be levied in the same or lesser amounts than the maximum assessment amount approved, the City Clerk shall give notice by causing the resolution of intention to be published. Any interested person may, prior to the conclusion of the public hearing, file a written protest which shall state all grounds of objection. The protest shall contain a description sufficient to identify the property owned by the property owner filing the protest. During the course or upon conclusion of the hearing, the City Council may order changes in any of the matters provided in the report, including changes in the improvements, any zones within the assessment district, and the proposed diagram or the proposed assessment.

The City Council, upon conclusion of the public hearing must then adopt a resolution confirming the diagram and assessment, either as originally proposed or as changed by it. The adoption of the resolution shall constitute the levy of an assessment for the fiscal year referred to in the assessment.

Increased Assessment or Annexation to District

If the assessment to be levied exceeds the maximum assessment amount previously approved, or additional land is to be annexed to the District, the City must comply with the procedures specified in Article XIII D and Proposition 218. The voters in the State of California in November 1996 added Article XIII D to the California Constitution imposing, among other requirements, the necessity for the City to conduct an assessment ballot procedure to enable the owners of each property on which assessments are proposed to be enacted or increased, the opportunity to express their support for, or opposition to the proposed assessment or increase in such assessment. The basic steps of the assessment ballot procedure are outlined below.

The City must prepare a Notice of Public Hearing ("Notice"), which describes, along with other mandated information, the reason for the proposed assessments, and to provide a date and time of a public hearing to be held on the matter. The City must also prepare an assessment ballot, which clearly gives the property owner the ability to sign and mark their assessment ballot either in favor of, or in opposition to the proposed assessment. The Notice and assessment ballot are mailed to each affected property owner within the District a minimum of 45 days prior to the public hearing date as shown in the Notice. The City may also hold community meetings with the property owners to discuss the issues facing the District and to answer property owner questions directly.

After the Notice and assessment ballot are mailed, property owners are given until the close of the public hearing, stated in the Notice, to return their signed and marked assessment ballot. During the public hearing, property owners are given the opportunity to address the City Council and ask questions or voice their concerns. At the public hearing, the returned assessment ballots received prior to the close of the public hearing are tabulated, weighted by the proposed assessment amount on each property and the results are announced by the City Council.

Article XIII D provides that if, as a result of the assessment ballot proceeding, a majority protest is found to exist, the City Council shall not have the authority to levy and collect the assessments as proposed. A majority protest exists if the assessments represented by ballots submitted in opposition exceed those submitted in favor of the assessment. All returned ballots are tabulated and weighted according to the financial obligation of each particular parcel.

If there is no majority protest as described above, the City Council may approve the proposed assessments. If there is a majority protest, as described above, the City will not levy and collect any assessments.

Fiscal Year 2014/15 Assessment

The 2014/15 assessments described in this Annual Report for the District are not proposed to exceed the previously approved maximum assessment range formula that was approved at the time the District was formed. No land is proposed to be annexed to the District. There are no proposed new improvements or any substantial changes in existing improvements.

Map of Improvements

Please refer to Appendix A for the maps of improvements for each Zone of the District.

ESTIMATE OF COSTS

The estimated costs of administration, maintenance, operations, and servicing the improvements, as described in the Plans and Specifications for each Zone, are summarized below.

Zone 10

Annual Budget

The estimated costs associated with Zone 10 are shown below:

District Costs	Estimated 2014/15 Costs
Maintenance, Operation and Servicing Costs	
Energy Costs for 7 Streetlights	\$1,650.00
Subtotal Maintenance, Operation and Servicing Costs	\$1,650.00
Incidental Expenses	
Annual Administration (City)	\$1.77
Annual Administration (Consultant)	27.71
County Collection Fees	118.68
Subtotal Incidental Expenses	\$ 148.16
Total District Costs	\$1,798.16
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.10)
Total Costs to be Assessed	\$1,798.06
Total Net District Assessment	\$1,798.06
Total District Acres to be Assessed	26.05
Actual Assessment per Acre – Fiscal Year 2014/15	\$69.04
Maximum Allowable Assessment per Acre – Fiscal Year 2014/15	\$104.39

Operating Reserve

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for Zone 10 is as follows:

Estimated Fiscal Year Ending 6/30/14 Operating Reserve Cash Balance	\$1,872.00
Operating Reserve Contribution – Fiscal Year 2014/15	0.00
Operating Reserve Collection – Fiscal Year 2014/15	0.00
Estimated Fiscal Year Ending 6/30/15 Operating Reserve Cash Balance	\$1,872.00

The estimated Fiscal Year ending 6/30/14 Operating Reserve cash balance is estimated based on the available cash balance less actual expenses to date and less estimated expenses through the end of the Fiscal Year.

Annual Assessment Increase

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of the District, with the allowable annual increase over the maximum assessment for the previous year. The allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for "electricity" for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2004."

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

Zone 33

Annual Budget

The estimated costs associated with Zone 33 are shown below:

District Costs	Estimated 2014/15 Costs
Maintenance, Operation and Servicing Costs	
Energy Costs for 4 Streetlights	\$780.00
Subtotal Maintenance, Operation and Servicing Costs	\$780.00
Incidental Expenses	
Annual Administration (City)	\$0.48
Annual Administration (Consultant)	7.56
County Collection Fees	114.68
Subtotal Incidental Expenses	\$122.72
Total District Costs	\$902.72
Operating Reserve Contribution	0.00
Operating Reserve Collection	0.00
Contribution From Other Sources	0.00
Rounding Adjustment	(0.02)
Total Costs to be Assessed	\$902.70
Total Net District Assessment	\$902.70
Total District Acres to be Assessed	12.25
Actual Assessment per Acre – Fiscal Year 2014/15	\$73.70
Maximum Allowable Assessment per Acre – Fiscal Year 2014/15	\$94.15

Operating Reserve

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for Zone 33 is as follows:

Estimated Fiscal Year Ending 6/30/14 Operating Reserve Cash Balance	\$1,051.00
Operating Reserve Contribution – Fiscal Year 2014/15	0.00
Operating Reserve Collection – Fiscal Year 2014/15	0.00
Estimated Fiscal Year Ending 6/30/15 Operating Reserve Cash Balance	\$1,051.00

The estimated Fiscal Year ending 6/30/14 Operating Reserve cash balance is estimated based on the available cash balance less actual expenses to date and less estimated expenses through the end of the Fiscal Year.

Annual Assessment Increase

The maximum allowable assessment per acre listed in the annual budget, is the amount which was approved at the time of formation of the District, with the allowable annual increase over the maximum assessment for the previous year. The allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for "electricity" for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2006."

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

Operating Reserve

It is the intent of the City to maintain an Operating Reserve which shall not exceed the estimated costs of maintenance and servicing of the improvements prior to December 10 of the fiscal year, or when the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The reserve balance information for Zone 79 is as follows:

Estimated Fiscal Year Ending 6/30/14 Operating Reserve Cash Balance	\$940.00
Operating Reserve Contribution – Fiscal Year 2014/15	0.00
Operating Reserve Collection – Fiscal Year 2014/15	0.00
Estimated Fiscal Year Ending 6/30/15 Operating Reserve Cash Balance	\$940.00

The estimated Fiscal Year ending 6/30/14 Operating Reserve cash balance is estimated based on the available cash balance less actual expenses to date and less estimated expenses through the end of the Fiscal Year.

Annual Assessment Increase

The maximum allowable assessment per parcel listed in the annual budget, is the amount which was approved at the time of formation of the District, with the allowable annual increase over the maximum assessment for the previous year. The allowable annual increase is defined as: "the greater of two percent (2.0%) or the cumulative percentage increase, if any, in the Consumer Price Index for all Urban Consumers ("CPI-U") for the Los Angeles-Riverside-Orange County California Standard Metropolitan Statistical area ("Index") published by the Bureau of Labor Statistics of the United States Department of Labor. The annual CPI-U adjustment will be based on the cumulative increase, if any, in the Index as it stands on March of each year over the base Index for March of 2007."

Each year, prior to the assessments being placed on the tax roll, the City will review the cost estimate and determine the amount needed to maintain the improvements for the upcoming fiscal year. The actual assessment per parcel will be based on the estimated costs, available fund balance and maximum allowable assessment with the goal of maintaining the improvements in a satisfactory and operational condition. The actual assessment amount may be equal to or lower than the maximum allowable assessment; however it may not exceed the maximum unless the increase is approved by the property owners in accordance with Proposition 218.

Definitions of Budget Items

The following definitions describe the costs and expenses included in the District Costs:

Maintenance, Operation and Servicing Costs

Energy Costs for Streetlights: This item includes the cost of energy provided by the electric utility provider.

Fossil Filters: This item includes the cost of cleaning and furnishing services and materials for the ordinary and usual maintenance, operation and servicing of the fossil filters and appurtenances, including repair, replacement, removal of trimmings, rubbish, debris and other solid waste.

Field Inspection/Management: This item includes the cost of inspecting fossil filters, reporting and compliance with applicable regulations.

Repair/Replacement: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation and servicing of the fossil filters and appurtenances, including repair and replacement.

Traffic Signals: This item includes the cost of furnishing services and materials for the ordinary and usual maintenance, operation and servicing of traffic signals and appurtenances, including repair and replacement.

Incidental Expenses

Annual Administration (City): This item includes the cost to departments and staff of the City for providing the administration, coordination and management of District services, operations and expenses. This item also includes management of the annual process including reports, resolutions and public inquiries.

Annual Administration (Consultant): This item includes the contract fees and allowable expenses for annual administration of the District including preparation of the Annual Report, preparation of resolutions, submittal of the levy to the County, responding to public inquiries, attendance at various meetings and delinquency management. The contract fee is subject to a cost of living increase annually.

County Collection Fees: This item includes the fees charged by the County of Riverside to process the levy submittal and collect and distribute funds on behalf of the City.

Operating Reserve and Other Sources

Operating Reserve Contribution: This item includes the amount to be credited to the annual assessment. When the Operating Reserve balance is greater than approximately one half of the annual costs, an Operating Reserve Contribution may be credited to the total costs.

Operating Reserve Collection: This item includes the amount to be collected to maintain reserves to enable the City to pay for the maintenance and servicing of the improvements prior to December 10 of the fiscal year, or whenever the City expects to receive its apportionment of special assessments and tax collections from the County, whichever is later. The Operating Reserve collection may continue until such a time the Reserve Fund balance is approximately one half of the annual costs.

Contribution From Other Sources: This item includes any amount contributed to the District from any source of funds other than the annual assessments.

Rounding Adjustment: This item includes any amount necessary to round the actual assessment amount for each parcel to an even cent as the County requires that the total levy amount submitted be even so that the amount can be divided into two equal installments on the tax roll.

METHOD OF ASSESSMENT

Legal Considerations

Proposition 218

Proposition 218, the "Right to Vote on Taxes Act" was approved by California voters in 1996, which added Articles XIII C and XIII D to the California State Constitution. The primary results of Proposition 218 were stricter definitions of assessments, special taxes, fees, and charges, and a general mandate for some type of voter approval for any new or increased tax, assessment, or property-related fee. The Proposition 218 Omnibus Implementation Act (the "Implementation Act") was approved July 1, 1997. The Implementation Act provided for procedures throughout the notice, protest and hearing process. It should be noted that this report has been prepared to be consistent with current practices and the California State Constitution.

Article XIII D, Section 4(a) of the California Constitution limits the amount of any assessment to the proportional special benefit conferred on the property. Article XIII D also provides that publicly owned properties must be assessed unless there is clear and convincing evidence that those properties receive no special benefit from the assessment.

The net amount to be assessed may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels. Proposition 218 requires the Engineer to separate general benefit from special benefit, where only special benefit is assessed.

1972 Act

Pursuant to the 1972 Act and Article XIII D, all parcels that have a special benefit conferred upon them as a result of the maintenance and operation of improvements and services shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire costs of the maintenance and operation of improvements. The 1972 Act, permits the establishment of assessment districts for the purpose of providing certain improvements which include the operation, maintenance and servicing of landscaping improvements.

Section 22573 of the 1972 Act requires that maintenance assessments must be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) [of the Streets and Highways Code, State of California])."

The 1972 Act also permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement" (Sec. 22547).

Special Benefit

Pursuant to Article XIII D of the California Constitution, Section 2(i) "Special benefit means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute special benefit."

All parcels that have special benefit conferred upon them as a result of the services and activities provided shall be identified, and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the services and activities.

In accordance with Article XIII D §4(a) "No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel."

The maintenance and servicing of the District improvements (which are described in the Plans and Specifications Section of this report) are for the benefit of the properties in the District, and as such confer a special and direct benefit to parcels in the District. A description of the special benefit conferred to property in each Zone has been excerpted from the formation or annexation Engineer's Report and provided below:

- Zone 10 – The funding of energized streetlights enhances properties in the Zone, improves neighborhood property protection, increases traffic safety by improving visibility, provides an enhanced quality of life and sense of well being for properties in the Zone.

- Zone 156 – The maintenance of traffic signals enhances the properties within the Zone, allows traffic into and out of the development, increases traffic safety, and provides an enhanced quality of life and sense of well being for properties in the Zone.

The above mentioned items affect the assessed property in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share. They contribute to a specific enhancement of the properties in each Zone of the District. Since these improvements were installed and are maintained specifically for the properties in each Zone of the District; only properties in the District receive a special benefit and are assessed for said maintenance.

General Benefit

Article XIII D of the California Constitution requires any local agency proposing to increase or impose a special assessment to “separate the general benefits from the special benefits conferred on a parcel.” General benefits are defined as those services or improvements which provide a general increase in property values to all property or provides benefits to the health, safety or education of the public. The rationale for separating special and general benefits is to ensure that the property owners are not charged with an assessment that pays for general benefits. Thus, a local agency carrying out projects or services that provide both special and general benefits may levy an assessment to pay for the special benefits but must acquire separate funding to pay for those general benefits.

Method of Assessment Spread

Each of the parcels in the District is deemed to receive special benefit from the improvements. Each parcel that has a special benefit conferred upon it as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire costs of the maintenance and operation of the improvements.

A description of the method of assessment spread for each Zone has been excerpted from the formation or annexation Engineer’s Report and provided below:

- Zone 10 – The costs and expenses are apportioned on a per acre basis.
- Zone 33 – The costs and expenses are apportioned on a per acre basis.
- Zone 41 – The costs and expenses are apportioned on a per parcel basis.
- Zone 79 – The costs and expenses are apportioned on a per parcel basis.
- Zone 85 – The costs and expenses are apportioned on a per acre basis.
- Zone 111 – The costs and expenses are apportioned on a per parcel basis.
- Zone 115 – The costs and expenses are apportioned on a per parcel basis.
- Zone 116 – The costs and expenses are apportioned on a per parcel basis.
- Zone 147 – The costs and expenses are apportioned on a per parcel basis.
- Zone 151 – The costs and expenses are apportioned on a per acre basis.
- Zone 156 – The costs and expenses are apportioned on a per acre basis.

The maximum allowable assessment per parcel is the amount which was approved at the time of formation of the District or annexation of the Zone, with the allowable annual increase also approved at the time of formation or annexation. A description of the allowable annual increase for each Zone has been excerpted from the formation or annexation Engineer’s Report and provided below:

- Zone 10 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2004.
- Zone 33 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2006.

- Zone 41 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2005.
- Zone 79 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- Zone 85 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- Zone 111 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2007.
- Zone 115 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- Zone 116 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2008.
- Zone 147 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U if any, as it stands as of March of each year over the base index for March of 2009.
- Zone 151 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2008.
- Zone 156 – The annual assessment will be adjusted annually by the greater of 2% or the cumulative percentage increase in the CPI-U for “electricity”, if any, as it stands as of March of each year over the base index for March of 2008.

The total amount of maintenance, servicing and incidental costs for maintaining and operating the Improvements is assessed to the individual parcels of real property in each Zone of the District in proportion to the special benefit received by such parcels of real property. The proposed individual assessments are shown on the assessment roll in this report.

City Council Meeting Agenda

Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: GEORGE ALVAREZ, CITY ENGINEER

SUBJECT: ACCEPTANCE OF PUBLIC IMPROVEMENTS OF TRACTS 30913, & -1 - LENNAR HOMES – NORTHWEST QUADRANT OF RIVER ROAD & ARCHIBALD

RECOMMENDATION: ADOPT RESOLUTION No. 14-23 ACCEPTING AS COMPLETE, THE PUBLIC IMPROVEMENTS FOR TRACTS 30913, & -1, AND DIRECT STAFF TO FILE NOTICE OF COMPLETION - PROJECT 10-0119

BACKGROUND:

Lennar Homes, the subdivider, has entered into a Subdivision Improvement Agreement with the County of Riverside to complete public improvements as part of the above-referenced subdivision maps. This project was approved by the County of Riverside and prior to the incorporation of the City of Eastvale; therefore, the Subdivision Improvement Agreement was entered into between Lennar Homes and the County.

The City Public Works staff, in conjunction with the County Transportation Department staff, has completed the inspections of the public improvements and is recommending that the improvements be accepted at this time. Upon acceptance, the improvements will commence a one-year warranty period as required by the Subdivision Improvement Agreement.

DISCUSSION:

Upon acceptance, the County Transportation Department (security holder) will release the improvement securities related to this project, in accordance with the Subdivision Improvement Agreement as follows:

Security to be Released	Time of Release
Faithful Performance Security	After Council Acceptance
Labor & Material (Payment) Security	120 Days After Council Acceptance provided no claims have been filed.
Warranty Security	365 Days after Council Acceptance; provided that all warranty issues are satisfied.

City of Eastvale
City Council Meeting Agenda
Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: TERRY SHEA, FINANCE DIRECTOR

SUBJECT: WARRANT REGISTER

RECOMMENDATION: APPROVE THE PAYMENT OF WARRANTS AS SUBMITTED BY THE FINANCE DEPARTMENT

BACKGROUND:

The attached list of invoices for services performed was reviewed by the Finance Committee on May 21, 2014 and has been recommended for payment.

DISCUSSION:

All of the invoices have been reviewed by the Finance Department for completeness, proper approvals and, if applicable, in accordance with the underlying contracts. All items were properly supported.

FISCAL IMPACT:

Funds are available for the payment of the warrants (check numbers 12021 through 12023, 12026 through 12073 and wire numbers W00255 to W00268) for a total of \$1,211,002.12 and payroll in the amount of \$99,096.11 (paid on 04/11/14, 04/25/14 and 05/09/14).

The warrants have been reviewed and approved by the Finance Committee on May 21, 2014.

City Council Meeting Agenda
Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: CAROL JACOBS, CITY MANAGER

**SUBJECT: REQUEST FROM BURRTEC WASTE INDUSTRIES, INC. FOR
RATE INCREASE FOR FISCAL YEAR 2013-14**

**RECOMMENDATION: 1) HOLD PUBLIC HEARING 2) APPROVE RATE INCREASE
AS REQUESTED**

BACKGROUND:

In August of 2011, the City entered into a franchise agreement with Burrtec Waste Industries to provide trash pick-up, recycling services and green waste removal services. The contract's effective date is July 1, 2011. The term of the agreement is through June 30, 2017 with annual extensions available for an additional 5 years through June 30, 2021. Exhibit A is a request for a rate increase and proposed schedule of rates for fiscal year 2014-15.

DISCUSSION:

Per section 17.8.1 of the franchise agreement, Burrtec may ask for an increase in rates each fiscal year, should certain conditions be met. The service component represents 65% of the service rate. This rate can be adjusted annually based on the Consumer Price Index (CPI). All Urban Consumers, for the Los Angeles/Riverside/Orange County metropolitan area. All Items Base Period 1982-84=100, as published by the United States Department of Labor, Bureau of Labor Statistics, for the January to December period immediately preceding the effective date of the rate adjustment. Based on the CPI the requested change is 1.08%. Exhibit B is the CPI calculation.

The County of Riverside will be increasing the tipping fee by 1.14% which is applied to all disposal components. This disposal component will increase rates from \$35.80 per ton to \$36.21 per ton. Exhibit C is the approval of the rate increase by the County of Riverside.

Staff Report

The overall rate to residential customers is 2.01%. Exhibit D is the fee schedule comparison between fiscal year 2012-13 and fiscal year 2013-14.

FISCAL IMPACT:

Per the City's franchise agreement there is no charge for pick-up service at City facilities.

Re: 2014/2015 Refuse Rate Adjustment Request

Dear Carol,

Burrtec Waste Industries is respectfully requesting the Annual Adjustment for Refuse Collection Rates for fiscal year 2014 / 2015 as per Section 17.8 of the City of Eastvale's Solid Waste Franchise Agreement.

The attached rate review worksheets indicate a 1.08% change in CPI. Based on a 65% weighting the resulting CPI increase in the service component of the rate is .70%. To date we have not received the disposal increase amounts from Riverside County and therefore the balance of the rate adjustment cannot be completed at this time.

Once the County's disposal adjustments are received we will complete our rate adjustment worksheets for the City's review and approval, to be effective July 1, 2014.

On behalf of Burrtec Waste Industries, we thank you and the City of Eastvale for your continued support and understanding. If there are any questions or concerns please contact me at your earliest convenience.

Sincerely,

Michael Arreguin
Vice President

ORDINANCE NO. 779.15
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO
COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

8 The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

9 **SECTION 1:**

10 This ordinance amends and replaces Ordinance No. 779.14 and any prior version of Ordinance No.
11 779 in their entirety with the following:

12 **Section 1. DEFINITIONS.**

13 The words used in this ordinance shall have the definitions provided in Public Resources Code
14 40100 et. Seq.

15 **Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the

16 General Manager-Chief Engineer of the Waste Management Department may designate and operate
17 or control by contract County owned or leased or contracted sites to be used for the public transfer,
18 processing or disposal of solid waste.

19 **Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the

20 General Manager-Chief Engineer of the Waste Management Department or his designated
21 representative, under general policies adopted by the Board, no person shall place, deposit, or dump,
22 or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted
23 transfer station or disposal site in the County, any solid waste originating outside of the County of
24 Riverside, provided however, the General Manager-Chief Engineer of the Waste Management
25 Department has discretion to accept incidental amounts of refuse from outside of Riverside County and
26 near County borders for disposal at County landfills when payment is made according to Appendix A
27 for such incidental refuse.

28 **Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and

29 disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of

1 the Waste Management Department who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects being dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergency situations, any regulation fixing days or hours of operation
18 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations
19 prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be
20 filed in his or her office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random loadchecks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 loadchecks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Loadcheck Schedule**

8 Average Daily Tonnage	9 Random Samples per Day
10 0 to 100 tons/day	11 **
12 101 to 600 tons/day	13 6*
14 601 to 1,000+ tons/day	15 10*

16 * The initial schedule is for a minimum number of "Random Samples per Day" for a
17 minimum of three rotating days per week so arriving customers will not know when
18 they may be inspected. If a problem persists with large quantities of hazardous waste
19 being found at the landfill or transfer station, the Enforcement Agency or the General
20 Manager-Chief Engineer of the Waste Management Department may require the
21 number of "Random Samples per Day" to be applied every day the solid waste facility
22 is open until the problem is deemed corrected.

23 **Minimum of 6 samples per week – may all be performed on the same day

24 b. An inspection form (which shall be certified for completeness and accuracy by the
25 loadcheck inspector on duty) shall be filled out in its entirety at the time of each
26 loadcheck performed at the solid waste facility. The inspection form shall include the
27 following information, to be filled out at the time of inspection:

- 28 • Date and time of inspection
- 29 • Loadcheck inspector name, (certification)
- Load type (residential, commercial, industrial)
- Hauler/company name/customer name
- Driver name
- Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

- 1 or Roll Off)
- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste
- 4 c. When prohibited waste is found, forms shall include the following:
- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
- 6 vehicles, customer/store name and address where picked up for all other
- 7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
- 9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
- 11 customer at time of inspection, solid waste facility assumed responsibility of
- 12 the material, etc.)
- 13 d. Management shall review completed forms at a frequency sufficient to ensure forms
- 14 are filled out completely and correctly.
- 15 e. The General Manager-Chief Engineer of the Waste Management Department or his
- 16 designated representative and/or a representative of the Enforcement Agency shall
- 17 have the right to enter the solid waste facilities at any time to audit their load check
- 18 program's compliance with these standards. These audits shall be limited to four
- 19 times in any 12 month period and may include three days in which Waste
- 20 Management Department personnel perform load checks at the facility and one day in
- 21 which Waste Management Department staff review the facility's written load check
- 22 program, hazardous waste and universal waste shipping records, facility personnel
- 23 training records, hazardous waste storage areas, and load checking procedures in
- 24 order to audit the solid waste facility loadchecking program and/or assist the operator
- 25 in making its loadchecking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,

27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer

28 stations and disposal sites in the County may be conducted only by such persons as are authorized to

29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Waste Management Department.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to substantially cover a fair share of the estimated costs for these facilities.
19 Cards permitting entrance into these landfills and transfer stations shall be offered for
20 sale to residents and businesses (only in the local areas surrounding these sites as
21 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to
22 these facilities will be allowed without a card, except in cases where permitted waste
23 haulers or other large commercial users have negotiated separate contracts with the
24 County. Waste from outside these areas shall not be accepted at the rural sites
25 providing, however, waste from unincorporated areas outside of, but near the borders
26 of these service areas may be accepted under the same terms and conditions herein
27 set forth, if it is determined by the General Manager-Chief Engineer of the Waste
28 Management Department that this is the most practical way to provide disposal
29 service to these customers. Such rates and the landfills and transfer stations to which

1 they apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Waste Management Department regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Waste Management
7 Department. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Waste Management Department reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every
16 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is
17 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and
18 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an
19 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second
20 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be
21 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be

1 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this
2 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
3 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
4 severable.

5 SECTION 2:

6 This ordinance shall take effect thirty (30) days after the date of adoption.

FORM 11: Introduction of Ordinance No. 779.15 Amending Ordinance 779, Relating to County Solid Waste
Facilities and Establishing Fees [\$0 – Waste Management Department Enterprise Funds]
DATE: March 18, 2014
PAGE: 2 of 3

BACKGROUND: Summary (continued)

In order to verify that current refuse rates are appropriately set to offset expenses, the Waste Management Department (Department) prudently reviews its operations annually and forecasts capital improvements and expansion projects with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund's total revenue, it is important to accurately project future tonnage growth or decline (as has been the case in recent years). While there is a projected slight increase in overall in-county tonnage (2%) in FY 13/14 over the previous year, the Department is conservatively assuming no growth in tonnage for the next fiscal year (FY 14/15). Additionally, the Department's costs continue to increase relative to inflation factors in the area, salary increases and increased regulatory fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station haulers and contract franchise area district haulers. These haulers represent approximately 90% of the in-county tonnage accepted at the landfills (in FY 12/13). For these reasons, it is recommended that the Ordinance be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2013. The CPI adjustment for this period is 1.14%.

The Department is also recommending an increase to the minimum load (0.4 tons or less) charge from a flat fee of \$8.00 to \$9.00 per load. This proposed rate represents a 38% discount compared to a load weighing 0.4 tons pro-rated at \$36.21 per ton. Loads containing more than 50% yard or wood waste are proposed to be increased from a flat fee of \$11.00 to \$12.00. This proposed rate represents a 35% discount compared to a load containing 50% or more wood or yard waste weighing 0.4 tons pro-rated at \$46.21 per ton. In our ongoing effort to reduce illegal dumping in the County, it is proposed that the discounted rates continue to be offered and subsidized by Waste Management Enterprise Funds. The rate for loads requiring special handling or immediate burial (hard-to-handle) weighing less than 0.25 tons is proposed to be increased from a flat fee of \$11.00 to \$12.00. Appendix A, Disposal Fee Schedule changes are proposed as follows:

Description	Current Rate Per Ton (FY 13/14)	Proposed Rate Per Ton (FY 14/15)	Amount of Increase
1. Routine Refuse (Transfer Station/Contracted In County)	\$27.44	\$27.75	\$0.31
Area 8 Transfer Trucks	\$28.06	\$28.38	\$0.32
2. Direct Haul/Non Contracted vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer or any other vehicle):			
a.) Routine Refuse (loads more than .40 tons)	\$35.80	\$36.21	\$0.41
b.) Routine Refuse (loads .40 tons or less)	\$8.00	\$9.00	\$1.00
c.) Routine Refuse loads hauling 50% or more wood or yard waste not exceeding .40 ton	\$11.00	\$12.00	\$1.00
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$100.87	\$102.03	\$1.16
4. End dump vehicles or any other vehicle carrying wastes requiring special handling or immediate burial (Hard-to-Handle)	\$47.73	\$48.28	\$0.55
a.) Hauling Hard to Handle waste not exceeding .25 ton	\$11.00	\$12.00	\$1.00

The Department also proposes to add a "Foodwaste Pilot Program" to the items accepted at No Charge. The Department is coordinating with the Banning Correctional Facility and Waste Management, Inc., for separation and collection of foodwaste material to be delivered to the Department's Lamb Canyon Landfill for our permitted food waste composting project. It is proposed that this material be accepted free of charge during the pilot program period.

The Department further proposes to eliminate the rate for "Bottom Ash from an approved facility". This waste type is no longer incentivized by the State to aid with diversion goals and has not been received in more than three years. If bottom ash is received in the future, it will be charged at the Routine Refuse rate.

Proposed Changes to Appendix B – Residential Self-Haul Permit Cards are as follows: None

Proposed Changes to Appendix C – Rural Site Access – Commercial Permit Cards are as follows:

Description	Current Rate (FY 13/14)	Proposed Rate (FY 14/15)	Amount of Increase
Rural Site Access Commercial Card	\$429.55 per card (24 half ton uses)	\$434.47 per card (24 half ton uses)	\$4.91

Proposed Changes of Appendix D – Schedule of Miscellaneous Fees are as follows:

The Department proposes to increase payment options to include credit cards in FY 14/15 and add a \$0.75 fee per transaction charge. The Department currently only allows for non-deferred account customers to pay for disposal fees with cash or via debit card. When paying by debit card, users are charged a \$0.75 processing fee. For credit cards, the rate per transaction that the Department is responsible for is based on the volume of sales, plus the interchange assessment rate charged by Mastercard/Visa. Piggybacking on the State Master Agreement for Point of Sale /Credit Card services with Elavon Merchant Services, the Department has been quoted a minimum rate of 2.05% per transaction plus a \$0.135 transaction fee. Based on the average cash transaction amount of \$33.00, the Department can expect to incur \$0.81 in additional costs for each credit card transaction. While the Department proposes to absorb a portion of this cost, the addition of a \$0.75 per transaction charge for credit card payments will help to defer these costs and will be consistent with ATM/debit card fees currently charged to customers.

Impact on Citizens and Businesses

California Environmental Quality Act (CEQA) Findings

Pursuant to CEQA Guidelines, Section 15273, the proposed changes to County Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees are found to be statutorily exempt from CEQA, because the proposed changes are for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits;
- Purchasing or leasing supplies, equipment, or materials;
- Meeting financial reserve needs and requirements; and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.15.

RESOLUTION NO.14-24

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE
APPROVING THE INCREASE OF FEES AND CHARGES FOR PICK-UP
AND HAULING OF REFUSE BY BURRTEC WASTE INDUSTRIES WITHIN
THE CITY OF EASTVALE

WHEREAS, in June of 2011, the City of Eastvale entered into a franchise agreement with Burrtec Waste Industries to provide trash pick-up, recycling services, and green waste removal services and street sweeping services; and

WHEREAS, pursuant to Section 17.8.1 of that franchise agreement, Burrtec Waste Industries may ask for an increase in rates each fiscal year, should certain conditions be met and subject to City approval.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EASTVALE AS FOLLOWS:

Section 1. The City Council, after study and investigation, and pursuant to Chapter 16.05 of the Eastvale Municipal Code and Section 17.8.1 of the franchise agreement, does approve the adjusted fee schedule for collection, removal, and disposal of garbage, recyclables, rubbish, and street sweeping within the City, attached hereto as Exhibit "A" and incorporated herein by reference as if fully set forth.

Section 2. The Mayor, or presiding officer, is hereby authorized to affix his signature to this resolution signifying its adoption and the City Clerk, or her duly appointed deputy, is directed to attest hereto.

SUBJECT: REQUEST FROM WASTE MANAGEMENT FOR RATE INCREASE FOR FISCAL YEAR 2014-15

RECOMMENDATION: 1) HOLD PUBLIC HEARING 2) ADOPT RESOLUTION NO. 14-25 APPROVING SOLID WASTE RATE INCREASE REQUEST AND IMPLEMENTATION OF NEW FEE FOR COMPLIANCE WITH AB 341

BACKGROUND:

In June of 2011, the City entered into a franchise agreement with Waste Management to provide trash pick-up, recycling services, green waste removal services and street sweeping services. The contract's effective date is July 1, 2011. The term of the agreement is through June 30, 2017 with annual extensions available for an additional 5 years through June 30, 2021. Exhibit A is the current fee schedule. Exhibit B is the request from Waste Management for a fee adjustment.

DISCUSSION:

Per section 17.8.1 of the franchise agreement, Waste Management may ask for an increase in rates each fiscal year, should certain conditions be met. The service component represents 65% of the service rate. This rate can be adjusted annually based on the Consumer Price Index (CPI). All Urban Consumers, for the Los Angeles/Riverside/Orange County metropolitan area. All Items Base Period 1982-84=100, as published by the United States Department of Labor, Bureau of Labor Statistics, for the January to December period immediately preceding the effective date of the rate adjustment. Based on the CPI the requested change is 1.08%. Exhibit C is the CPI calculation.

The County of Riverside will be increasing the tipping fee by 1.17% which is applied to all disposal components. This disposal component will increase rates from \$38.50 per ton to \$36.21 per ton. Exhibit D is the approval of the rate increase by the County of Riverside.

City of Eastvale

City Council Meeting Agenda

Staff Report

Disposal/Recycling of Green Waste is another component of the bill which comprised 35% of the bill. Waste Management uses Viramontes for disposal of green waste which will have 1.14% rate increase. This increase will increase the disposal component from \$28.75 a ton to \$29.08 per ton. Exhibit E is the letter from Viramontes to Waste Management increasing the disposal rates for green waste.

The street sweeping charge on the bill will increase to .93 cents per month from .92 cents per month as shown on Attachment B.

The overall rate to residential customers is 1.18%. Exhibit B is the proposed fee schedule for fiscal year 2014-15.

In 2011, the State of California passed another unfunded mandate requiring statewide mandatory commercial recycling programs (AB341). The purpose of AB341 is to reduce GHG emissions by diverting commercial solid waste to recycling efforts to expand the opportunity for additional recycling services and recycling manufacturing facilities in California.

The City is required to implement a commercial solid waste recycling program that consists of education, outreach and monitoring of businesses, that is appropriate for that jurisdiction and is designed to divert commercial solid waste from businesses. The City is required to report the progress achieved in implementing its commercial recycling program in its annual report.

Due to the limited staff resources, the City has requested that both waste hauler franchisees assist the City in implementation of this program and reporting to the City for its annual report. Waste Management is proposing a new AB341 Non-Compliance Fee of \$10 per month on businesses that do not have a recycling bin if they generate more than 4 cubic yard of trash per week. This fee would then be used for educational and compliance efforts.

In addition, Waste Management is proposing the following new ancillary fees:

Commercial Bin Delivery & Removal Fee – This new fee is to cover the costs for a separate vehicle to deliver and remove containers from a customer's location upon each request. The \$25.00 fee would not be charged per bin, but by ticket. For example, if a customer requests delivery of 2-3 yard bins, they would only be charged a one-time fee of \$25.00.

Commercial Overage Fee – This fee currently exists in the rate structure, however Waste Management proposes to adjust the rate by \$13.50 to be in line with the commercial extra pick up fee. This fee is charged when a customer's commercial bin is overloaded and debris is on the

City of Eastvale

City Council Meeting Agenda

Staff Report

ground around the container. The increased fee covers the expense for the driver to collect debris off the ground surrounding the bin and the additional material in the bin. The purpose of the program is to right size the customer's service level to meet their needs on a weekly basis, while ensuring health and safety issues do not arise due to overloaded containers.

Commercial Recycle Extra Pick Up Fee – Waste Management proposes a \$30.00 extra pick up fee that would be charged to customers requesting an additional dump on their recycle bin.

Recycle Compactor Haul Fee – There is currently no fee in our rate structure for customers that utilize a 40 yard compactor for recyclables. We would like to propose a \$225.00 per haul fee.

Roll-Off Reactivation Fee – There is fee in the rate structure for the residential and commercial line of business, but do not have the reactivation fee for the roll-off line of business. The fee of \$40.00 would be charged when a customer's service is restored due to non-payment.

FISCAL IMPACT:

Per the City's franchise agreement there is no charge for pick-up service at City facilities. The average customer would see the rates increase 1.11%

Re: 2014/2015 Rate Adjustment Request

Dear Carol,

We would like to take this opportunity to thank you in advance for your assistance with the 2014/2015 rate adjustment process. Pursuant to Section 17.8 of the franchise agreement, the 2014/2015 annual rate adjustment was calculated by using the Consumer Price Index as prepared by the United States Department of Bureau of Labor Statistics for the Los Angeles-Orange County-Riverside Metropolitan Area, all urban consumers from December 2012 to December 2013.

Summary of Proposed Adjustments

- **CPI** – The average annual percentage change increase was 1.08% and should be applied to all service components and ancillary fees in the current rate exhibit.
- **Solid Waste Disposal Cost** – The Riverside County tipping fee will be increasing by 1.17% and will be applied to all disposal components of the rate structure. The disposal component of the rates will increase from \$35.80 to \$36.21 per ton.
- **Green Waste Disposal Cost** – Viramontes will be increasing their fees by 1.14%. This will be applied to the residential green waste disposal component of the rates. The disposal component will increase from \$28.75 per ton to \$29.08 per ton.
- **Overall Rate Adjustment** – The overall rate adjustment to the residential customer will be 1.11%.

In addition, we would like to implement the following new ancillary fees:

Commercial Bin Delivery & Removal Fee – We would like to request this new fee to cover the costs for a separate vehicle to deliver and remove containers from a

customer's location upon each request. The \$25.00 fee would not be charged per bin, but by ticket. For example, if a customer requests delivery of 2-3 yard bins, they would only be charged a one-time fee of \$25.00.

Commercial Overage Fee – This fee currently exists in our rate structure, however we would like to adjust the rate by \$13.50 to be in line with our commercial extra pick up fee. This fee is charged when a customer's commercial bin is overloaded and debris is on the ground around the container. The increased fee covers the expense for the driver to collect debris off the ground surrounding the bin and the additional material in the bin. The purpose of the program is to right size the customer's service level to meet their needs on a weekly basis, while ensuring health and safety issues do not arise due to overloaded containers.

Commercial Recycle Extra Pick Up Fee – We currently do not have a fee in our rate structure for an extra pick up for a recycle bin. We would like to propose a \$30.00 extra pick up fee that would be charged to customers requesting an additional dump on their recycle bin.

Recycle Compactor Haul Fee – We currently do not have a fee in our rate structure for customers that utilize a 40 yard compactor for recyclables. We would like to propose a \$225.00 per haul fee.

Roll-Off Reactivation Fee – We have a fee in our rate structure for the residential and commercial line of business, but do not have the reactivation fee for our roll-off line of business. The fee would be charged when a customer's service is restored due to non-payment.

With the Council's approval, we would like to implement these new fees effective July 1, 2014, in conjunction with our annual rate adjustment.

Please feel free to contact me if you have any questions at (951) 232-7123.

Sincerely,

Julie Reyes
Public Sector Services Manager

1 **ORDINANCE NO. 779.15**
 2 **AN ORDINANCE OF THE COUNTY OF RIVERSIDE**
 3 **AMENDING ORDINANCE 779**
 4 **RELATING TO**
 5 **COUNTY SOLID WASTE FACILITIES**
 6 **AND ESTABLISHING FEES**
 7

8 The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

9 **SECTION 1:**

10 This ordinance amends and replaces Ordinance No. 779.14 and any prior version of Ordinance No.
 11 779 in their entirety with the following:

12 **Section 1. DEFINITIONS.**

13 The words used in this ordinance shall have the definitions provided in Public Resources Code
 14 40100 et. Seq.

15 **Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of Supervisors, the

16 General Manager-Chief Engineer of the Waste Management Department may designate and operate
 17 or control by contract County owned or leased or contracted sites to be used for the public transfer,
 18 processing or disposal of solid waste.

19 **Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in writing by the

20 General Manager-Chief Engineer of the Waste Management Department or his designated
 21 representative, under general policies adopted by the Board, no person shall place, deposit, or dump,
 22 or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted
 23 transfer station or disposal site in the County, any solid waste originating outside of the County of
 24 Riverside, provided however, the General Manager-Chief Engineer of the Waste Management
 25 Department has discretion to accept incidental amounts of refuse from outside of Riverside County and
 26 near County borders for disposal at County landfills when payment is made according to Appendix A
 27 for such incidental refuse.

28 **Section 4. REGULATIONS.** All County owned, leased, or contracted transfer stations and

29 disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of

1 the Waste Management Department who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects being dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergency situations, any regulation fixing days or hours of operation
18 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations
19 prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be
20 filed in his or her office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random loadchecks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 loadchecks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Loadcheck Schedule**

8 Average Daily Tonnage	9 Random Samples per Day
10 0 to 100 tons/day	11 **
12 101 to 600 tons/day	13 6*
14 601 to 1,000+ tons/day	15 10*

16 * The initial schedule is for a minimum number of "Random Samples per Day" for a
17 minimum of three rotating days per week so arriving customers will not know when
18 they may be inspected. If a problem persists with large quantities of hazardous waste
19 being found at the landfill or transfer station, the Enforcement Agency or the General
20 Manager-Chief Engineer of the Waste Management Department may require the
21 number of "Random Samples per Day" to be applied every day the solid waste facility
22 is open until the problem is deemed corrected.

23 **Minimum of 6 samples per week – may all be performed on the same day

24 b. An inspection form (which shall be certified for completeness and accuracy by the
25 loadcheck inspector on duty) shall be filled out in its entirety at the time of each
26 loadcheck performed at the solid waste facility. The inspection form shall include the
27 following information, to be filled out at the time of inspection:

- 28 • Date and time of inspection
- 29 • Loadcheck inspector name, (certification)
- Load type (residential, commercial, industrial)
- Hauler/company name/customer name
- Driver name
- Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

- 1 or Roll Off)
- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste
- 4 c. When prohibited waste is found, forms shall include the following:
- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
- 6 vehicles, customer/store name and address where picked up for all other
- 7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
- 9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
- 11 customer at time of inspection, solid waste facility assumed responsibility of
- 12 the material, etc.)
- 13 d. Management shall review completed forms at a frequency sufficient to ensure forms
- 14 are filled out completely and correctly.
- 15 e. The General Manager-Chief Engineer of the Waste Management Department or his
- 16 designated representative and/or a representative of the Enforcement Agency shall
- 17 have the right to enter the solid waste facilities at any time to audit their load check
- 18 program's compliance with these standards. These audits shall be limited to four
- 19 times in any 12 month period and may include three days in which Waste
- 20 Management Department personnel perform load checks at the facility and one day in
- 21 which Waste Management Department staff review the facility's written load check
- 22 program, hazardous waste and universal waste shipping records, facility personnel
- 23 training records, hazardous waste storage areas, and load checking procedures in
- 24 order to audit the solid waste facility loadchecking program and/or assist the operator
- 25 in making its loadchecking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,
27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer
28 stations and disposal sites in the County may be conducted only by such persons as are authorized to
29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Waste Management Department.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to substantially cover a fair share of the estimated costs for these facilities.
19 Cards permitting entrance into these landfills and transfer stations shall be offered for
20 sale to residents and businesses (only in the local areas surrounding these sites as
21 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to
22 these facilities will be allowed without a card, except in cases where permitted waste
23 haulers or other large commercial users have negotiated separate contracts with the
24 County. Waste from outside these areas shall not be accepted at the rural sites
25 providing, however, waste from unincorporated areas outside of, but near the borders
26 of these service areas may be accepted under the same terms and conditions herein
27 set forth, if it is determined by the General Manager-Chief Engineer of the Waste
28 Management Department that this is the most practical way to provide disposal
29 service to these customers. Such rates and the landfills and transfer stations to which

1 they apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Waste Management Department regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Waste Management
7 Department. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Waste Management Department reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every
16 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is
17 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and
18 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an
19 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second
20 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be
21 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be

1 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this
2 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
3 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
4 severable.

5 SECTION 2:

6 This ordinance shall take effect thirty (30) days after the date of adoption.

FORM 11: Introduction of Ordinance No. 779.15 Amending Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees [\$0 – Waste Management Department Enterprise Funds]
DATE: March 18, 2014
PAGE: 2 of 3

BACKGROUND: Summary (continued)

In order to verify that current refuse rates are appropriately set to offset expenses, the Waste Management Department (Department) prudently reviews its operations annually and forecasts capital improvements and expansion projects with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund's total revenue, it is important to accurately project future tonnage growth or decline (as has been the case in recent years). While there is a projected slight increase in overall in-county tonnage (2%) in FY 13/14 over the previous year, the Department is conservatively assuming no growth in tonnage for the next fiscal year (FY 14/15). Additionally, the Department's costs continue to increase relative to inflation factors in the area, salary increases and increased regulatory fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station haulers and contract franchise area district haulers. These haulers represent approximately 90% of the in-county tonnage accepted at the landfills (in FY 12/13). For these reasons, it is recommended that the Ordinance be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2013. The CPI adjustment for this period is 1.14%.

The Department is also recommending an increase to the minimum load (0.4 tons or less) charge from a flat fee of \$8.00 to \$9.00 per load. This proposed rate represents a 38% discount compared to a load weighing 0.4 tons pro-rated at \$36.21 per ton. Loads containing more than 50% yard or wood waste are proposed to be increased from a flat fee of \$11.00 to \$12.00. This proposed rate represents a 35% discount compared to a load containing 50% or more wood or yard waste weighing 0.4 tons pro-rated at \$46.21 per ton. In our ongoing effort to reduce illegal dumping in the County, it is proposed that the discounted rates continue to be offered and subsidized by Waste Management Enterprise Funds. The rate for loads requiring special handling or immediate burial (hard-to-handle) weighing less than 0.25 tons is proposed to be increased from a flat fee of \$11.00 to \$12.00. Appendix A, Disposal Fee Schedule changes are proposed as follows:

Description	Current Rate Per Ton (FY 13/14)	Proposed Rate Per Ton (FY 14/15)	Amount of Increase
1. Routine Refuse (Transfer Station/Contracted In County)	\$27.44	\$27.75	\$0.31
Area 8 Transfer Trucks	\$28.06	\$28.38	\$0.32
2. Direct Haul/Non Contracted vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer or any other vehicle):			
a.) Routine Refuse (loads more than .40 tons)	\$35.80	\$36.21	\$0.41
b.) Routine Refuse (loads .40 tons or less)	\$8.00	\$9.00	\$1.00
c.) Routine Refuse loads hauling 50% or more wood or yard waste not exceeding .40 ton	\$11.00	\$12.00	\$1.00
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$100.87	\$102.03	\$1.16
4. End dump vehicles or any other vehicle carrying wastes requiring special handling or immediate burial (Hard-to-Handle)	\$47.73	\$48.28	\$0.55
a.) Hauling Hard to Handle waste not exceeding .25 ton	\$11.00	\$12.00	\$1.00

The Department also proposes to add a "Foodwaste Pilot Program" to the items accepted at No Charge. The Department is coordinating with the Banning Correctional Facility and Waste Management, Inc., for separation and collection of foodwaste material to be delivered to the Department's Lamb Canyon Landfill for our permitted food waste composting project. It is proposed that this material be accepted free of charge during the pilot program period.

The Department further proposes to eliminate the rate for "Bottom Ash from an approved facility". This waste type is no longer incentivized by the State to aid with diversion goals and has not been received in more than three years. If bottom ash is received in the future, it will be charged at the Routine Refuse rate.

Proposed Changes to Appendix B – Residential Self-Haul Permit Cards are as follows: None

Proposed Changes to Appendix C – Rural Site Access – Commercial Permit Cards are as follows:

Description	Current Rate (FY 13/14)	Proposed Rate (FY 14/15)	Amount of Increase
Rural Site Access Commercial Card	\$429.55 per card (24 half ton uses)	\$434.47 per card (24 half ton uses)	\$4.91

Proposed Changes of Appendix D – Schedule of Miscellaneous Fees are as follows:

The Department proposes to increase payment options to include credit cards in FY 14/15 and add a \$0.75 fee per transaction charge. The Department currently only allows for non-deferred account customers to pay for disposal fees with cash or via debit card. When paying by debit card, users are charged a \$0.75 processing fee. For credit cards, the rate per transaction that the Department is responsible for is based on the volume of sales, plus the interchange assessment rate charged by Mastercard/Visa. Piggybacking on the State Master Agreement for Point of Sale /Credit Card services with Elavon Merchant Services, the Department has been quoted a minimum rate of 2.05% per transaction plus a \$0.135 transaction fee. Based on the average cash transaction amount of \$33.00, the Department can expect to incur \$0.81 in additional costs for each credit card transaction. While the Department proposes to absorb a portion of this cost, the addition of a \$0.75 per transaction charge for credit card payments will help to defer these costs and will be consistent with ATM/debit card fees currently charged to customers.

Impact on Citizens and Businesses
 California Environmental Quality Act (CEQA) Findings

Pursuant to CEQA Guidelines, Section 15273, the proposed changes to County Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees are found to be statutorily exempt from CEQA, because the proposed changes are for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits;
- Purchasing or leasing supplies, equipment, or materials;
- Meeting financial reserve needs and requirements; and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.15.

RE: Rate Increase

Dear Julie,

Each year the cost of doing business increases. Equipment, CARB compliances, medical insurance, workers comp insurance, and fuel are just a few of our expenses that have increased this year. Unfortunately due to these rising costs, we are forced to increase our green waste recycling rates 1.14%. bringing the new rate from \$28.75 to \$29.07 effective July 1, 2014.

Rest assured, we will continue to provide Waste Management with excellent customer service. Please keep in mind that we are dedicated to keeping our recycling rates as low as possible even with all the cost increases we've endured.

It's been a pleasure working with you and your staff this year. We know you have other outlets to recycle your green waste so thank you for continuing to be a loyal and valued customer.

Sincerely,

Henry S. Viramontes - President

RESOLUTION NO.14-25

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EASTVALE APPROVING THE INCREASE OF FEES AND CHARGES FOR PICK-UP AND HAULING OF REFUSE, RECYCLING AND STREET SWEEPING SERVICES WITHIN THE CITY OF EASTVALE AND APPROVING NEW FEE IN COMPLIANCE WITH AB 341

WHEREAS, in June of 2011, the City of Eastvale entered into a franchise agreement with Waste Management to provide trash pick-up, recycling services, green waste removal services and street sweeping services; and

WHEREAS, pursuant to Section 17.8.1 of that franchise agreement, Waste Management may ask for an increase in rates each fiscal year, should certain conditions be met and subject to City approval.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EASTVALE AS FOLLOWS:

Section 1. The City Council, after study and investigation, and pursuant to Chapter 16.05 of the Eastvale Municipal Code and Section 17.8.1 of the franchise agreement, does approve the adjusted fee schedule for collection, removal, and disposal of garbage, recyclables, rubbish, and street sweeping within the City, attached hereto as Exhibit "A" and incorporated herein by reference as if fully set forth.

Section 2. The Mayor, or presiding officer, is hereby authorized to affix his signature to this resolution signifying its adoption and the City Clerk, or her duly appointed deputy, is directed to attest hereto.

Planning Commission Meeting Agenda
Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND CITY COUNCIL

FROM: CATHY PERRING, ASSISTANT PLANNING DIRECTOR

SUBJECT: PROJECT NO. 11-0271 – ENVIRONMENTAL IMPACT REPORT, GENERAL PLAN AMENDMENT, CHANGE OF ZONE, AND SPECIFIC PLAN FOR AN APPROXIMATE 205-ACRE SITE, TENTATIVE PARCEL MAP FOR SUBDIVISION OF AN APPROXIMATELY 193-ACRE AREA INTO FIVE INDUSTRIAL PARCELS, TWO BUSINESS PARK PARCELS, AND ONE COMMERCIAL PARCEL, AND A MAJOR DEVELOPMENT PLAN REVIEW FOR DEVELOPMENT OF 2,714,829 SQUARE FEET ON APPROXIMATELY 117 ACRES OF LIGHT INDUSTRIAL INCLUDING FOUR INDUSTRIAL/WAREHOUSE BUILDINGS

RECOMMENDATION

On March 19, 2014, the Planning Commission recommended that the City Council approve the proposed project. To approve the project, the Council will need to take the following actions:

1. Adopt a resolution certifying the Environmental Impact Report (EIR) pursuant to the California Environmental Quality Act (CEQA).
2. Adopt a resolution approving a General Plan Amendment from High Density Residential to Light Industrial, Commercial Retail, and Business Park.
3. Adopt an ordinance rescinding The Resort Specific Plan, adopting the Goodman Commerce Center Specific Plan, dated April 2014, and adopting a Change of Zone to implement the Goodman Commerce Center Specific Plan.
4. Adopt a resolution approving Tentative Parcel Map No. 36487 for the subdivision of approximately 193 acres into five industrial parcels, two business park parcels, and one commercial parcel, subject to conditions of approval (Attachment 1).
5. Adopt a resolution approving Major Development Plan Review for the development of four new industrial/warehouse buildings totaling 2,714,829 square feet, subject to conditions of approval.

BACKGROUND

The proposed project vicinity map with an aerial photo of the project site is shown in **Figure 1**.

Figure 1: Project Site

As shown in **Figure 1**, the project site is surrounded by existing light industrial uses (to the north), Interstate 15 (to the east) with existing and planned industrial and business park uses in the City of Jurupa Valley on the east side of the freeway, existing residential uses (to the south), and vacant land planned for residential and commercial development in the City of Ontario (to the west). The lands in Ontario are within the Esperanza and Rich Haven specific plans and have General Plan land use designations of Low Density Residential near Bellegrove Avenue, Medium Density Residential, and Mixed Use near Cantu-Galleano Ranch Road.

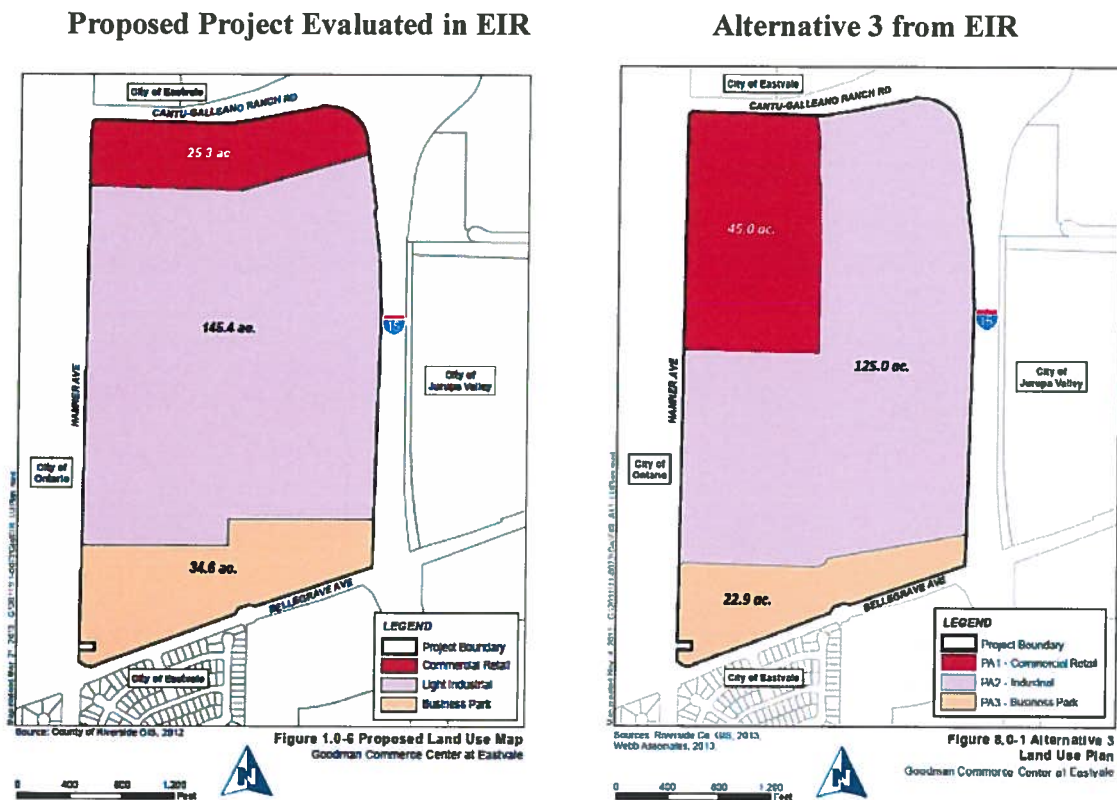

The current zoning of the project site is The Resort Specific Plan, a planned residential community.

DISCUSSION

Planning Commission Recommendation

Prior to the February 19, 2014, Planning Commission hearing, staff worked for over two years with the applicant and property owners. The site plan design and Specific Plan standards, as originally submitted by the applicant, were changed significantly to address staff's input and concerns regarding circulation, aesthetics, land use, signs, jobs creation, etc. Weekly meetings with representatives of Planning, Engineering, and the City Manager's office as well as the environmental team, applicant, and landowners, were held for many months. The project package brought before the Planning Commission was the result of these efforts. Staff's recommendation was that EIR Alternative 3 be considered by the Planning Commission and City Council for approval rather than the project as proposed by the applicant. **Figure 2** shows the project as originally proposed and evaluated in the EIR and Alternative 3, the environmentally superior alternative.

Figure 2: Original Proposal and Alternative 3

At its February 19, 2014, hearing, the Planning Commission continued the case and asked the applicant to address/clarify certain items such as warehouse operations, likely tenants, timing of commercial and business park development, industrial vacancy rates and demand, retail demand,

and jobs data from some of their existing projects, and a revised plan that included less industrial (especially along Hamner Avenue) and more business park.

Two options for a Revised Alternative 3 plan were presented for consideration at the Planning Commission hearing on March 19, 2014. The revised plan options both proposed to reduce the square footage of Building C (the industrial building located adjacent to Hamner Avenue) by 140,000 square feet and increase the Business Park land use area by approximately 5 acres in order to accommodate an additional 111,500 square feet of Business Park. The difference in the plans was the location of the added Business Park acreage. The location of the additional Business Park land recommended by the Planning Commission is immediately south of and adjacent to the 45-acre Commercial Retail planning area.

In addition, at the Commission hearing on March 19, 2014, the applicant offered to build up to 100,000 square feet of the Business Park prior to the completion of the industrial phase of the project. The following Condition of Approval has been added and agreed to by the applicant:

Within one year of the issuance of the first industrial certificate of occupancy, the developer shall initiate construction of not less than 100,000 square feet of business park building(s). Certificates of occupancy for subsequent industrial buildings may be withheld unless and until this condition is met.

The Planning Commission staff reports are included as Attachments 8 and 9 to this staff report.

Project Description

The applicant, Tarpon Property Ownership 2, LLC (Goodman Birtcher), is requesting approval of the following, which is consistent with the project recommended by the Planning Commission for approval by the City Council:

- A General Plan Amendment to change the land use designation of the project site from High Density Residential to Light Industrial, Business Park, and Commercial Retail.
- A rezoning from a planned residential community to a commercial/industrial/business park development. This will involve rescinding the currently approved The Resort Specific Plan and adopting the new Goodman Commerce Center Specific Plan and approving a Change of Zone to implement the proposed specific plan.
- A Tentative Parcel Map (TPM) for the subdivision of approximately 193 acres into five industrial parcels, two business park parcels, and one commercial parcel.
- A Major Development Review for development of four new industrial/warehouse buildings totaling 2,714,829 square feet.

Figure 3 shows the conceptual plan presented to the Planning Commission upon which the recommendation for approval was made. **Figure 4** shows Revised Alternative 3 currently recommended to the City Council for approval.

Environmental Analysis

CEQA requires the preparation of an EIR prior to approving any project that may have a significant effect on the environment. The City determined that an EIR was needed for the proposed project and required preparation of an EIR. The applicant retained Webb Associates to prepare the EIR under the supervision of City staff. Following a thorough review and analysis of the EIR, staff concluded that the document was completed in compliance with CEQA and represents the City's independent judgment and analysis. The entire EIR and associated technical studies are included as attachments to this staff report.

Staff's recommendation to the Planning Commission was to approve Alternative 3 analyzed in the EIR rather than the project as proposed by the applicant. (For a detailed discussion of this recommendation, see Attachment 9, Planning Commission Staff Report for February 19, 2014.) Following a presentation by the applicant and discussion by the Commission, a revision to Alternative 3 from the Draft EIR was recommended to the Council. The project recommended by the Planning Commission to Council for approval is referred to as Revised Alternative 3 in this staff report.

To ensure that Revised Alternative 3, the recommended plan, remains within the potential impacts evaluated in the EIR for the project, staff had Webb Associates evaluate Revised Alternative 3. Attachment 7 presents the full summary of the analysis. Using these results as the limits for development, the Specific Plan, Tentative Parcel Map, Major Development Plan, and all related documentation have been revised and are included as attachments to this staff report.

Public Comments

At the Planning Commission on March 19, 2014, seven persons from the public spoke in response to the proposed Project. Three were in support of the project and four raised concerns about the proposed Project including the potential for 1) truck traffic along Hamner Avenue and Cantu-Galleano Ranch Road; 2) reduction in home values; 3) truck traffic and parking on Bellegrave Avenue; 4) idling of trucks; 5) noise to nearby residents; 6) need for the hospital; 7) industrial/warehouse uses in general; and 8) potential aesthetic impacts of buildings proposed to be located near Bellegrave Avenue. In addition, an email was read into the record from a resident with similar concerns. Each of the issues raised has been analyzed and addressed in the Draft EIR prepared for the proposed Project.

Recommendation

The Planning Commission has recommended approval of the Revised Alternative 3 project to the City Council. If the Council decides to approve the project per the Planning Commission's recommendation, the resolution for adoption and certification of the FEIR, and the ordinance and the resolutions for approval of the project are included as Attachments 2 and 6. The conditions of approval are included as Attachment 1. The findings for approval of the project are included in

the staff report provided to the Planning Commission on February 19, 2014, and also in the attached resolutions.

Council Alternative Actions

If the Council disagrees with the Commission's recommendation, the following alternative actions are also available to the City Council:

- Certify EIR and approve the proposed project as recommended by staff (Alternative 3 of the EIR).
- Certify the EIR and approve the proposed project with further modifications/conditions.
- Deny the project.
- Continue the project decision to a future meeting with direction to staff and the applicant to make revisions or provide additional information.
- Provide other direction to staff.

Fiscal Impact Analysis

To determine the fiscal impact of some of the project alternatives presented by the applicant early in the development review process, the City had a fiscal impact analysis prepared. The results of this study were presented in the February 19, 2014, staff report. In the staff report for the Planning Commission hearing held March 19, 2014, a second updated/amended fiscal impact analysis from July 2013 was also presented, which shows a positive fiscal impact from all land uses. They were referred to in the Commission staff report as "the City's FIA" and the "applicant's FIA." This was an error. The more recent FIA from 2013 is a more current and correct look at the fiscal impacts anticipated from this project. It was developed with full review and input from City staff at all levels.

Both studies are included as attachments to the Planning Commission staff report dated March 19, 2014, and reflect the project that was proposed at that time.

The per acre net fiscal impact per land use from each study (2011 and 2013) was applied to Alternative 3 and Revised Alternative 3 as shown in the tables below. There is only a slight difference in the projected fiscal impact between what staff recommended to the Planning Commission (Alternative 3) and what the Planning Commission recommends to the Council (Revised Alternative 3).

**SUBJECT: DESIGNATION OF VOTING DELEGATES AND ALTERNATE
TO LEAGUE OF CALIFORNIA CITIES ANNUAL CONFERENCE**

**RECOMMENDATION: DESIGNATE A VOTING DELEGATE AND ALTERNATE FOR
THE LEAGUE OF CALIFORNIA CITIES CONFERENCE**

BACKGROUND:

The City is a member of the League of California Cities which provides legislative advocacy for all of its members. The City has been a member since incorporation.

DISCUSSION:

Each year the League of California Cities requires that City Council take action to designate one Council Member as a Delegate and one Council Member as an Alternate. This year the Annual League Conference will be in Los Angeles September 3-5, 2014.

FISCAL IMPACT:

The cost of the conference is included in the proposed 2014-15 budget.

**RE: DESIGNATION OF VOTING DELEGATES AND ALTERNATES
League of California Cities Annual Conference – September 3 - 5, Los Angeles**

The League's 2014 Annual Conference is scheduled for September 3 - 5 in Los Angeles. An important part of the Annual Conference is the Annual Business Meeting (*at the General Assembly*), scheduled for noon on Friday, September 5, at the Los Angeles Convention Center. At this meeting, the League membership considers and takes action on resolutions that establish League policy.

In order to vote at the Annual Business Meeting, your city council must designate a voting delegate. Your city may also appoint up to two alternate voting delegates, one of whom may vote in the event that the designated voting delegate is unable to serve in that capacity.

Please complete the attached Voting Delegate form and return it to the League's office no later than Friday, August 15, 2014. This will allow us time to establish voting delegate/alternate records prior to the conference.

Please note the following procedures that are intended to ensure the integrity of the voting process at the Annual Business Meeting.

- **Action by Council Required.** Consistent with League bylaws, a city's voting delegate and up to two alternates must be designated by the city council. When completing the attached Voting Delegate form, please attach either a copy of the council resolution that reflects the council action taken, or have your city clerk or mayor sign the form affirming that the names provided are those selected by the city council. Please note that designating the voting delegate and alternates must be done by city council action and cannot be accomplished by individual action of the mayor or city manager alone.
- **Conference Registration Required.** The voting delegate and alternates must be registered to attend the conference. They need not register for the entire conference; they may register for Friday only. To register for the conference, please go to our website: www.cacities.org. In order to cast a vote, at least one voter must be present at the

Annual Conference Voting Procedures 2014 Annual Conference

1. **One City One Vote.** Each member city has a right to cast one vote on matters pertaining to League policy.
2. **Designating a City Voting Representative.** Prior to the Annual Conference, each city council may designate a voting delegate and up to two alternates; these individuals are identified on the Voting Delegate Form provided to the League Credentials Committee.
3. **Registering with the Credentials Committee.** The voting delegate, or alternates, may pick up the city's voting card at the Voting Delegate Desk in the conference registration area. Voting delegates and alternates must sign in at the Voting Delegate Desk. Here they will receive a special sticker on their name badge and thus be admitted to the voting area at the Business Meeting.
4. **Signing Initiated Resolution Petitions.** Only those individuals who are voting delegates (or alternates), and who have picked up their city's voting card by providing a signature to the Credentials Committee at the Voting Delegate Desk, may sign petitions to initiate a resolution.
5. **Voting.** To cast the city's vote, a city official must have in his or her possession the city's voting card and be registered with the Credentials Committee. The voting card may be transferred freely between the voting delegate and alternates, but may not be transferred to another city official who is neither a voting delegate or alternate.
6. **Voting Area at Business Meeting.** At the Business Meeting, individuals with a voting card will sit in a designated area. Admission will be limited to those individuals with a special sticker on their name badge identifying them as a voting delegate or alternate.
7. **Resolving Disputes.** In case of dispute, the Credentials Committee will determine the validity of signatures on petitioned resolutions and the right of a city official to vote at the Business Meeting.

2014 ANNUAL CONFERENCE
VOTING DELEGATE/ALTERNATE FORM

Please complete this form and return it to the League office by Friday, August 15, 2014. Forms not sent by this deadline may be submitted to the Voting Delegate Desk located in the Annual Conference Registration Area. Your city council may designate one voting delegate and up to two alternates.

In order to vote at the Annual Business Meeting (General Assembly), voting delegates and alternates must be designated by your city council. Please attach the council resolution as proof of designation. As an alternative, the Mayor or City Clerk may sign this form, affirming that the designation reflects the action taken by the council.

Please note: Voting delegates and alternates will be seated in a separate area at the Annual Business Meeting. Admission to this designated area will be limited to individuals (voting delegates and alternates) who are identified with a special sticker on their conference badge. This sticker can be obtained only at the Voting Delegate Desk.

City Council Meeting Agenda
Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: CAROL JACOBS, CITY MANAGER

SUBJECT: ADDITION OF CITY CLERK AND INTERN POSITION TO THE CITY'S JOB DESCRIPTIONS

RECOMMENDATION: APPROVE THE JOB DESCRIPTIONS FOR THE CITY CLERK AND INTERN POSITIONS

BACKGROUND:

At the Budget Study Session on April 30, 2014, City Council directed staff to upgrade the existing Assistant City Clerk position to a City Clerk position. City Council also directed to add a paid Intern position to assist daily operations of City Hall.

DISCUSSION:

The City Clerk is responsible for the maintenance of the City's official records, as well as a wide variety of other duties including preparation of City Council agendas and packets. Since the City's incorporation, an Assistant City Clerk has been performing the duties of a dedicated City Clerk. The current Assistant City Clerk has resigned, and the City will need to fill the vacancy. Upgrading the vacant Assistant City Clerk to a City Clerk position will allow the City to fill the position with someone who is qualified to handle the various duties with minimal training time.

Staff surveyed the salaries of five cities for the position of City Clerk. In order to remain competitive to other agencies and compensate for the duties performed on a regular and ongoing basis, the total salary and benefit costs for the position of City Clerk is approximately \$124,500. In contrast, the City's fully-burdened cost for the position of Assistant City Clerk is \$89,200. Additional costs to reclassify the position are \$35,300. This classification range is consistent with the Deputy Finance Director position.

The addition of a part-time paid Internposition would provide an opportunity for a candidate to learn the operational aspects of a municipal government, as well as assist City staff with day-to-

day activities. The Intern position would be limited to 20 hours per week, and would not receive benefits. The exact nature of the work would be dependent upon the specific department to which the position was assigned. The Finance Department has included a part-time intern position in the FY 2014-15 budget.

FISCAL IMPACT:

The cost to upgrade the Assistant City Clerk position to a City Clerk would be \$35,300. The cost of the paid Intern position would vary based on the hours worked. Below are the proposed steps for each position:

City Clerk	Step A	Step B	Step C	Step D	Step E	Step F	Step G
<i>Annual</i>	\$67,159.39	\$70,517.35	\$74,043.22	\$77,745.38	\$81,632.65	\$85,714.29	\$90,000.00

<i>Bi-Weekly</i>	\$2,583.05	\$2,712.21	\$2,847.82	\$2,990.21	\$3,139.72	\$3,296.70	\$3,461.54

City Council Meeting Agenda
Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: CAROL JACOBS, CITY MANAGER

SUBJECT: APPOINTMENT OF PUBLIC SAFETY COMMISSIONER

RECOMMENDATION: MAYOR PRO TEM ADAM RUSH TO APPOINT A MEMBER TO THE PUBLIC SAFETY COMMISSION

BACKGROUND:

The Public Safety Commission was established in February of 2011. Each City Council member appoints one member to the Commission to serve the same term as the City Council member appointing the Commissioner.

DISCUSSION:

On April 14, 2014, Commissioner Dave Allis resigned his position as Public Safety Commissioner, resulting in a vacancy. The City advertised for the position on the City's website, and closed the application period on May 15, 2014. The City received a total of 6 applications which are shown in Attachment 1. Council Member Rush will provide a recommendation to the City Council for their consideration.

FISCAL IMPACT:

The stipend for the Commissioners is included in the budget.

Adam Rush

Mayor Pro Tem, City of Eastvale

12363 Limonite Avenue, Suite 910

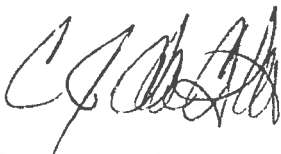

Eastvale, CA 91752

Dear Mr. Rush,

I am very interested in serving on the Public Safety Commission. This would be a great opportunity for me to serve the residents of Eastvale. This was communicated by the city's website and delivered to my email. My previous law enforcement experience taught me to make quick assessments and to adapt to constantly evolving public safety concerns.

Adaptability and follow through are key strengths which will enable me to be successful while serving on the Public Safety Commission. The accompanying resume and application shall serve to provide you with far greater details into my background. I look forward to meeting with you to discuss how I can make a strong contribution to the city of Eastvale and its residents.

Sincerely,

Christian Da Costa

From: David Magsam

Subject: **Public Safety Commissioner Position**

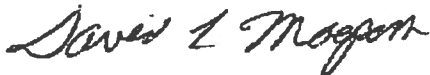

My wife Danita (retired 911 Dispatch Supervisor from Ontario Police Department with 20 years of experience) and our twin 6 year old boys David and Daniel (attending Clara Barton Elementary School) have lived in Eastvale since December 2011. We are involved in youth sports and the PTA. We enjoy all that Eastvale has to offer and wish to keep our City safe and secure. The City of Eastvale has an outstanding Public Safety Commission and I would enjoy an opportunity to serve as member of your team. Attached you will find a copy of my resume which will provide you with an outline of my training and experience.

As a Chief of Police / Emergency Management Director, in the rural community of Battle Lake, Minnesota I learned to work in a collaborative effort to get more done with fewer resources. I have a proven track record as a loyal, committed, community oriented employee with executive level management and first line supervisory experience. I have lived and worked in Orange, San Bernardino, and Riverside Counties which has provided me an insight into what programs or community endeavors have been successful and unsuccessful in these various communities. I hope to have an opportunity to apply this knowledge in Eastvale.

I feel that my training, commitment to community service, attitude of integrity; dedication, conscientiousness as well as my general life experience will be an asset to the City of Eastvale.

I thank you for your consideration.

Respectfully submitted,

David L Magsam

To Whom It May Concern:

I am pleased to apply for the position on the City of Eastvale Public Safety Commission. My husband Kerwin, and I have purchased our first home in Eastvale in 2007 and have been proud members of this community since we picked up our keys. I have seen this city develop and grow over the past seven years into a community we are quite proud to be a part of.

I believe I would be an asset to the Public Safety Commission because of my experience in public relations and marketing, as I believe that reputation and perception are the strongest assets to a city government. I have experience in crisis communications as well as public relations that will assist the commission in increasing awareness and furthering an open line of communication with our constituents.

The greatest asset the commission has involves its online presence considering most of our community members get information about the city sent directly to their mobile devices. Using these valuable resources in appropriate and effective ways will help us continue to be effective in public perceptions of public safety. Thank you for your time, and the opportunity to apply for this position.

Sincerely,

RELEASE OF ALL CLAIMS AND LIABILITY

In consideration of the acceptance of my participation in the Eastvale Volunteer Program, I hereby waive, release and discharge and covenant not to sue the City of Eastvale, its employees, officers and agents (hereinafter referred to as 'releases') from all liability to me, or my personal representatives, assigns, heirs and next of kin for any loss, damage, or claim(s) therefore on account of injury to me or my property, whether caused by any negligent act or omission of the releases or otherwise while I am participating in the City activity or using any City facilities in connection with the activity. I hereby agree to indemnify and hold harmless the releases from all liability, claims, demands, causes of action, charges, expenses, and attorney fees resulting from involvement in this activity whether caused by any negligent act or omission of the releases or otherwise. This release is intended to discharge, in advance, sponsors, officials and any and all involved municipalities and/or municipal employees from and against any and all liability arising out of or connected in any way with my participation in said program, even though that liability may arise out of negligence or carelessness on the part of the persons of entities mentioned above. I expressly agree that the foregoing release and waiver, indemnity agreement and assumption of risk are intended to be as broad and inclusive as permitted by California law. I have fully read this form and fully understand the contents thereof and hereby freely and willingly apply my signature below as my agreement to this release of liability form.

RE: Kelly Esperias

[REDACTED]
Eastvale, CA 92880

To Whom It May Concern:

One of my greatest joys is to acknowledge the talent and competence of persons who work for us and to give them the well-deserved affirmation for their service. That is the objective of this letter with regard to Kelly Esperias, who is now completing a seven-month contract with us, which has rendered success in a measure well beyond the expectations projected when we signed our agreement with her.

As we launched an assertive marketing campaign for our school, we found in Kelly's job performance as a consultant the necessary guidance and practical assistance to evaluate our existing procedures and materials and proceed to an improved and more effective all-inclusive marketing program. Kelly continually made herself available for any work needed on site or off campus.

With Kelly's expertise and experience in bringing into public view the often hidden or unrecognized values and distinctions of solid educational programs, numerous enhancements were implemented that are already resulting in benefits to our school. We updated our Website, enhanced our promotional materials, resumed the publication of a newsletter, and set in motion an enduring process for meaningful advertisement of school events. In addition to Kelly's leadership in these processes, she provided for our staff some initial training to continue the necessary periodical updating of our marketing strategies.

We highly recommend Kelly as a very efficient consultant and resourceful collaborator.

Sincerely,

Sister Doris Louise, O.D.N.
President

Public Safety Commission

I learned there is a vacancy on the Public Safety Commission. I am volunteering to serve on the Commission and I enclose my Volunteer Application and resume for your consideration.

Our family moved to Eastvale ten years ago largely because this area offered the quality of life and safe environment we sought for our children. We are happy here, and over the years we have invested in our own home to keep it as the safe and comfortable environment we want for our family.

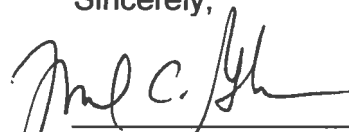

So far, Eastvale has been able to meet the challenges brought on by rapid growth. Parks, fire, police and emergency services have served the needs of the community. We wish to see these crucial services continue to work well, but the pace of growth is making it more difficult to maintain the level of safety and emergency services that contribute to the quality of life.

Community involvement is part of our lives. Our boys participate in baseball, soccer and basketball programs. My wife Angela and I are active members and supporters of several sports leagues. We serve as team coaches, managers, team parents, fund raisers and board members of several youth organizations.

We believe in giving back to our community. We both work for LAPD, and I believe a law enforcement background enables me to give back to our community by serving on the Public Safety Commission.

I look forward to meeting with the Commission and providing any further information you may request.

Sincerely,

Mike Gaytan

Re: Public Safety Commission Vacancy

Dear Members of the Eastvale City Council:

I respectfully submit my name for consideration to serve on the Public Safety Commission. Eastvale is the home of over 57,000 people. It is the home of my family and the place that my children will grow and learn. The importance of ensuring the safety of all of Eastvale's residents cannot be overstated. It is only through a collective feeling of security that a sense of community can develop and that Eastvale can continue to attract businesses, which bring jobs and sales tax revenue to the city. I believe that my experience will allow me to make a positive contribution to the commission in recommending practical and effective measures to the city council in relation to crime, emergency preparedness, and other matters of public safety.

I graduated from the University of California, Los Angeles with a double major in political science and sociology and a minor in public policy. I subsequently earned a juris doctorate from the Arizona State University College of Law. After externships with each agency while in law school, I went on to work for the United States Department of Homeland Security ("DHS"), where I continue to be employed, and the United States Department of Justice.

As an attorney for DHS, my work is heavily oriented towards ensuring public safety. I have handled numerous cases against foreign nationals who have committed serious crimes in the United States and abroad including murder, drug trafficking, and rape. I have represented the government against members of local and transnational gangs. I have provided training to DHS officers and agents on Fourth Amendment law so that they may effectuate proper searches and seizures. I currently advise officers and agents on the apprehension and detention of individuals involved in criminal activity. I have also provided training to local prosecutors on cases that implicate certain federal laws. In addition, I have worked in cooperation with various local, state, federal, and foreign law enforcement agencies. This experience and developed body of knowledge can be an asset in responding to, and preventing, crime in Eastvale. The training received by DHS personnel to ensure the continuity of operation of essential government functions during a broad range of emergencies may also be helpful in assessing and addressing Eastvale's emergency preparedness.

I believe that my background can be a useful resource to the city. It would be a great privilege to serve the community as a member of the Public Safety Commission. If you have any questions, please do not hesitate to contact me by phone at [REDACTED] or by email at [REDACTED].

Sincerely,

Anwer Khan

City Council Meeting Agenda

Staff Report

MEETING DATE: MAY 28, 2014

TO: MAYOR AND COUNCIL MEMBERS

FROM: CAROL JACOBS, CITY MANAGER

SUBJECT: PROPOSED ORDINANCE TO UPDATE PARTICIPATION IN THE TUMF PROGRAM AND ADOPT AN AMENDMENT TO THE TUMF ORDINANCE TO EXEMPT NEW SPECIALLY ADAPTED HOMES FOR SEVERELY DISABLED VETERANS.

RECOMMENDATION: ADOPT ORDINANCE NO. 2014-07 AMENDING CITY'S TUMF ORDINANCE TO EXEMPT NEW SPECIALLY ADAPTED HOMES FOR SEVERELY DISABLED VETERANS.

BACKGROUND:

The City is a Member Agency of the Western Riverside Council of Governments ("WRCOG"), a joint powers agency comprised of the County of Riverside, March JPA, and seventeen (17) cities located in Western Riverside County. Acting in concert, the WRCOG Member Agencies developed a plan whereby the shortfall in funds needed to enhance the capacity of the Regional System of Highways and Arterials due to new development in Western Riverside County could be made up in part by a Transportation Uniform Mitigation Fee ("TUMF") on future residential, commercial and industrial development. As a Member Agency of WRCOG and as a TUMF Participating Jurisdiction, the City participated in the preparation of a certain "Western Riverside County Transportation Uniform Fee Nexus Study," ("2009 Nexus Study") later adopted by the WRCOG Executive Committee. On December 14, 2011 the City adopted the 2009 Nexus Study and Ordinance No. 2011-13 to participate in the TUMF Program in the City of Eastvale.

Pursuant to the Mitigation Fee Act (Gov. Code §§ 66000 et seq.), WRCOG, upon the recommendation of the WRCOG Executive Committee, now desires to amend the TUMF Ordinance to include the following exemption:

- Exempt non-profit 501(c)(3) organizations who build new single-family homes specifically constructed and adapted for qualifying severely disabled veterans injured in theatre of combat operations.

City of Eastvale

City Council Meeting Agenda

Staff Report

On April 7, 2014, the WRCOG Executive Committee reviewed the attached revised TUMF Program Ordinance template and recommended TUMF Participating Jurisdictions amend their TUMF ordinances to reflect the changes.

DISCUSSION:

The revised TUMF Ordinance recommendation to exempt non-profit 501 (c) (3) organizations from paying TUMF is specific in that it limits the exemption to new specially adapted homes for severely disabled veterans who are the recipients of a Veterans Administration Specially Adapted Housing (SAH) Grant or its equivalent. This short-fall is anticipated to be approximately one million dollars and will be accounted for in the 2014 Network Update.

FISCAL IMPACT:

The costs associated with the maintenance of the City's infrastructure will be paid from Gas Tax and Measure A Funds.

Prepared by: Carol Jacobs, City Manager
Reviewed by: John Cavanaugh, City Attorney

ORDINANCE NO. 2014-07

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EASTVALE, CALIFORNIA
AMENDING ORDINANCE NO. 2011-13 TO INCLUDE NEW EXEMPTIONS FOR NEWLY
CONSTRUCTED SPECIALLY ADAPTED HOMES FOR SEVERELY DISABLED VETERANS
UNDER THE WESTERN RIVERSIDE COUNTY TRANSPORTATION UNIFORM MITIGATION
FEE (TUMF) PROGRAM**

THE CITY COUNCIL OF THE CITY OF EASTVALE ("CITY") ORDAINS AS FOLLOWS:

Section 1. Title.

This Ordinance shall be known as Amendment No. 1 to the "Western Riverside County Transportation Uniform Mitigation Fee Program Ordinance of 2009" ("Ordinance") and adopted by the City of Eastvale pursuant to Ordinance No. 2011-13.

Section 2. Findings.

A. The City is a member agency of the Western Riverside Council of Governments ("WRCOG"), a joint powers agency comprised of the County of Riverside, the March Joint Powers Authority, and 17 cities located in Western Riverside County. Acting in concert, the WRCOG Member Agencies developed a plan whereby the shortfall in funds needed to enlarge the capacity of the Regional System of Highways and Arterials in Western Riverside County (the "Regional System") could be made up in part by a Transportation Uniform Mitigation Fee ("TUMF") on future residential, commercial and industrial development.

B. WRCOG, upon the recommendation of the WRCOG Executive Committee, now desires to adopt one new exemption under the Western Riverside County Transportation Uniform Mitigation Fee Program Ordinance of 2009 and adopted by the City of Eastvale pursuant to Ordinance No. 2011-13. The exemption is for newly constructed, specially adapted homes for severely disabled veterans designed for maximum freedom movement and the ability to live more independently at no cost to qualifying disabled veterans.

C. The City Council finds and determines that the new exemption because of its small number of estimated properties, will not threaten the reasonable and rational relationship between the use of the TUMF and the type of development projects on which the fees are imposed because the fees will be used to construct the transportation improvements that are necessary for the safety, health and welfare of the residential and non-residential users of the development in which the TUMF will be levied. The City Council has also estimated the cost of the new exemption and understands that the TUMF fees will not be used to cover the fair share of these exempted properties on the Regional System.

Section 3. Definitions.

The following new definition shall be added to Ordinance No. 2011-13.

"Disabled Veteran" means any veteran who is retired or is in process of medical retirement from military service who is or was severely injured in a theatre of combat operations, and has or received a letter of eligibility for the Veterans Administration Specially Adapted Housing (SAH) Grant Program."

“Non-Profit Organization” means an organization operated exclusively for exempt purposes set forth in section 501(c)(3) of the Internal Revenue Code, and none of its earnings may inure to any private shareholder or individual. In addition, it may not be an action organization, i.e., it may not attempt to influence legislation as a substantial part of its activities and it may not participate in any campaign activity for or against political candidates. For the purposes of the TUMF Program the non-profit must be a 501(c)(3) charitable organization as defined by the Internal Revenue Service.

Section 4. Exemption: Specially Adapted Homes for Severely Disabled Veterans

The following new exemption shall be added to Ordinance No. 2011-13:

“New homes, constructed by non-profit organizations, specially adapted and designed for maximum freedom of movement and independent living for qualified Disabled Veterans.”

Section 5. Effect.

No provisions of this Ordinance shall entitle any person who has already paid the TUMF to receive a refund, credit or reimbursement of such payment because of this new exemption.

Section 6. Severability.

If any one or more of the terms, provisions or sections of this Ordinance shall to any extent be judged invalid, unenforceable and/or voidable for any reason whatsoever by a court of competent jurisdiction, then each and all of the remaining terms, provisions and sections of this Ordinance shall not be affected thereby and shall be valid and enforceable.

Section 7. Judicial Review.

In accordance with State law, any judicial action or proceeding to attack, review, set aside, void or annul this Ordinance shall be commenced within ninety (90) days of the date of adoption of this Ordinance.

Section 8. Effective Date.

This Ordinance shall take effect thirty (30) days after its adoption.

Section 9. Full Force and Effect.

Except to the extent specifically modified or amended hereunder, all of the terms, covenants, and conditions of Ordinance No. 2011-13 shall remain in full force and effect between the Parties hereto.
