Subject: Project No. PLN17-20015

Eric,

In response to the Notice of Preparation of a Draft EIR for Project No. PLN17-20015, Lewis Retail and Civic Center, RTA would recommend that transit consideration be included in the DEIR in the form of an ADA-compliant bus stop along northbound Hamner Ave, north of Schleisman Rd. While there is not currently transit service along this segment of Hamner Ave, an increase in employment density and activity in the area as a result of this project could warrant additional transit services, or realignment of existing RTA services in Eastvale. RTA would be happy to provide additional recommendations and/or specifications regarding the inclusion of transit as this development moves forward.

Regards,

Leif Lovegren

Planning Analyst
